

Beech Curriculum - Term 6

We are Scientists:

Unit 1

Digestive System and Teeth
How does my body digest food?

Beech Class will learn all about their teeth, the importance of them and what role each different type of tooth plays. We will also learn all about the digestion system and how it breaks down our food and have an exciting demonstration to see how it travels all the way through our body!

We are Geographers:

Unit 2

Rivers
What journey does a river go on?

We will be learning about the different features of a river and why they are like that. Beech Class will go and visit the River Avon so that we can see these features in real life. To conclude this unit, we are going to be writing a leaflet to inform the reader about what we have learnt.

We are Designers and Artists:

Unit 3

Structures - How does the structure of a building make it strong?

In our DT unit we will be recapping the features of a Tudor home and then seek ways to improve these today. We will then design and build a structure that is more appropriate for the job.

Unit 5
Painting - How can careful painting enhance my artwork?

During our final unit, we will try to improve our mastery of particularly painting to enhance our artwork.

We are Philosophers:

Unit 4

What is it like to follow God?

In this unit, Beech Class will make clear links between promises in the story of Noah and promises that Christians make at a wedding ceremony as well as other pacts and covenants. We will also discuss the links between the story of Noah and how we live in school and the wider world.

Maths

Y2:

- Statistics
- Position and direction
- Consolidation of year 2 units

Y3:

- Shape
- Statistics
- Consolidation of year 3 units

Key Events

- PE with kits will be on a Monday
- PE with trainers will be on a Wednesday
- Friday 14th June - Class photos
- Monday 24th June s. Sports Day (am)

Together, we learn, grow and flourish
