

# Beech Curriculum - Term 4

We are Authors:

Unit  
1

How does using the correct grammar affect our writing?

Beech Class will enjoy a unique book that encourages a child to be individual and dream big. We will write an alternative version thinking about the amazing dreams we have. Year 2s will focus on sentence structure and Year 3s will be using apostrophes.

We are Scientists:

Unit  
2

How do magnets interact with different materials?

During this unit, we will be learning about magnets and forces. We will explore what they do and discover why. Our writing outcome will be a funny story about a magnet with Year 2s focusing on the using the correct tense and Year 3s using paragraphs.

We are Designers:

Unit  
3

How do levers and linkages make pictures move?

We will be investigating different levers and linkages that we find in books to creating moving pictures. We will design and then manufacture our own moving pictures. We will be creating poster to advertise our creation.

## Year 2 - Maths

Year 2 will be starting term 3 by learning about multiplication and division and will be grouping, sharing, dividing by 2, 5 and 10 and thinking about odd and even numbers. They will then learn about length and height and will comparing lengths and measuring in cm and m.

## Year 3 - Maths

At the start of term 4, we will be learning about fractions by comparing and ordering them. We will also look at equivalent fractions. Then we will move on to mass and capacity.

## Key Events

Year 2 and Year 3 - PE with kits on Thursdays  
Year 2 - PE with trainers on Fridays  
Year 3 - Swimming kits on Fridays  
Home learning due in - Tuesdays  
Home learning given - Thursdays

Together, we learn, grow and flourish
