

# Hazel Curriculum (Year 2) - Term 1

## We are Authors: Unit 1

How do authors use super sentences to retell a story?

We will be reading the book 'Beegu' by Alexis Deacon. We will create a story map and practise story sequencing. We will then focus on accurate sentence structure and punctuation to retell the story in our own words. We will make sure we use simple present and past tense accurately and consistently. We will also develop our skill in editing sentences.

## We are Geographers: Unit 2

Can you name and locate the 7 continents and 5 oceans?

In our Geography unit we will be using globes, maps and Google Earth to locate the 7 continents and the 5 oceans. We will immerse ourselves in one continent (Asia) and write a postcard with everything we learnt. We will then create Diwali candles in honour of this festival of lights, celebrated in many Asian countries.

## We are Scientists: Unit 3

How do different habitats provide for the basic needs of different kinds of animals and plants?

In our Science unit we will identify that most living things live in habitats to which they are suited. We will also describe how animals obtain their food from plants and other animals, using the idea of a simple food chain. We will finish the unit with writing a report on everything we learnt.

## We are Mathematicians:

### Place value

Count objects to 100  
Recognise tens and ones  
Use a place value chart  
Partition numbers to 100

### Addition & Subtraction

Bonds to 10 and 100  
Fact Families  
Add and subtract across 10  
Add and subtract two 2-digit numbers

## Key Events

- PE days - to be confirmed in September
- In term 1 we will have a visit from AnimalAid to support our Science unit learning

Together, we learn, grow and flourish
