Oak Curriculum - Term 1 2026

We are Authors:

How can language change our perspective?

We will be immersing ourselves into a beautiful picture book and developing our creative writing skills by improving our use of descriptive writing to describe an atmosphere which includes metaphors. We will experiment with language choices and sentences structures to add details.

We are Mathematicians:

Our primary focus this term will be on fractions. We will use our knowledge of times tables and division to find equivalent fractions, convert improper and mixed fractions, multiply fractions and divide fractions by integers.

At the end of term, we will do some revision of position and direction (coordinates, reflection and translation of shapes on grids).

We are Theologians/ Philosophers

Was Jesus the Messiah?

Pupils will define and understand key vocabulary including incarnation, saviour, messiah and transfiguration. They will analyse and summarise bible passages and evaluate their effectiveness as evidence. We will then look outwards and try to understand how Christian's beliefs of Jesus as the Messiah affect the way they live their lives.

We are Geographers

In Geography, Y6 will be learning about the United Kingdom. What constitutes a city, a capital city or a county? We'll use atlases and maps to help us be accurate geographers and to learn more about the country we live in!

We are Artists

In Art, Y6 will be improving their drawing techniques. We will practise pencil grip, shading, texture and pressure to create profiles of ourselves. We will also study the work of famous artists who have extremely different styles, using our oracy skills to critique and compare their work.

Additional Information for T2

- PE kit is to be sent in at the beginning of each week and taken home at the end of every week. PE days may change and PE kit needs to be in school.
- Home learning will be sent home on Thursdays and expected in by the following Tuesday.
- Practising the completion of SATs tests in full will start this term.
